

NEW DURHAM PARKS AND RECREATION COMMISSION

WORK SESSION MARCH 25, 2014 @ 7PM

New Durham Public Library

Attendance: Kristyn Bernier, Jennifer Nyman, Dot Veisel, Kellie Chase

Baseball rosters were set for the season on all teams with the rosters and registrations to be taken to Kingswood Cal Ripken Baseball for the draft on March 26. Coaches meeting to be scheduled and need to make certain all coaches and parents understand that we will be playing by the rules of the new league.

CKC – planning for options regarding the summer program:

-Community room and Library will be approached by Dot.

-Kristyn will contact school principal regarding school availability for the summer and what areas of school might be available.

-Dot will call licensing board to find out if the program can have a waiver for the summer under the circumstances.

-If the program runs for the summer, a specific schedule will be followed with regard to activities and trips since pick up might have to occur at the Library.

-Rain date activities will have to be scheduled, so location is key.

-Community room and Library have facilities, sinks and a place for food storage as long as scheduling permits the program to run in those locations.

-Cost for busses and field trips will be a focus as this is costly for the program and parents.

-Focus on in town activities at the ball fields, Farmington Fish and Game, etc- a lot of outdoor time.

-Setting a deadline of May 5 to decide whether or not a summer program is feasible based upon “housing” for the program.

No decisions or non-public session.

Session ended at 9:15PM
