

Town of New Durham Stormwater Conditional Use Application Form

PERMIT BY NOTIFICATION (TO BE FILLED OUT ONLY BY APPLICANTS ON EXISTING LOTS WHO MEET THE CRITERIA FOR PERMIT BY NOTIFICATION)

If the project will disturb more than 2,000 square feet, but less than 12,000 square feet on slopes that are less than 15%, a permit by notification will cover the work that is needed. Please submit the following information. If you do not hear differently from the Town within 7 days of the day you deliver the application, it is automatically approved, and you can begin work.

Please attach a scaled sketch of the lot (professional survey, septic design, graph paper), showing the lot boundaries, all existing structures and impervious surfaces, the location of the proposed structure, and the location of the area around it that will be disturbed in the process.

I certify that this entire project is on slopes less than 15% and the area to be disturbed is less than 12,000 square feet.
