Applicants must be familiar with the latest revision of the New Durham Zoning Ordinance and the Procedural Rules for the Town of New Durham Zoning Board of Adjustment. Applicants should be familiar with New Hampshire Statutes RSA Chapters 672 – 677.

### ALL APPLICANTS

- > Speak with the Land Use Administrative Assistant to determine if a review by the Planning Board should be completed prior to appealing to the Zoning Board of Adjustment.
- Ensure all requirements are met by using the appropriate checklist.
- > Deliver completed application, attachments, and fees (checks payable to Town of New Durham) to the Land Use office at the Town Hall at least 21 days before the next scheduled ZBA meeting.
- A Public Hearing will be scheduled within 45 days of receiving a completed application.

### VARIANCE

A Variance is an authorization granted under special circumstances to use a property in a way that is not permitted under strict terms of the Zoning Ordinance. For a Variance to be legally granted, the Applicant must show that the proposal meets all five of the conditions set forth by the RSAs and listed in the application.

## REQUESTING A REHEARING

A motion for rehearing may be in the form of a letter to the Zoning Board of Adjustment and must set forth the reason the decision is believed to be unlawful or unreasonable. The motion must be made within 30 days of the decision being filed and available for public inspection.

The Zoning Board of Adjustment may grant a requested rehearing if it believes good reason is stated in the motion for rehearing. A case will not be reopened on the same set of facts unless an injustice would be created by not doing so. A rehearing must be requested prior to appealing to the courts. Rehearings follow the same Rules of Procedure as initial hearings.

- 5. Literal enforcement of the provisions of the Ordinance would result in an unnecessary hardship.
  - A. For purposes of this subparagraph, "unnecessary hardship" means that, owing to special conditions of the property that distinguish it from other properties in the area:
    - i. No fair and substantial relationship exists between the general public purposes of the Ordinance provision and the specific application of that provision to the property; and
  - ii. The proposed use is a reasonable one. The following special conditions of the property distinguish it from other properties in the area: No fair and substantial relationship exists between the general public purposes of the Ordinance provision and the specific application of that provision to the property because: The proposed use is a reasonable one because: B. If the criteria in subparagraph A are not established, an unnecessary hardship will be deemed to exist if, and only if, owing to special conditions of the property that distinguish it from other properties in the area, the property cannot be reasonably used in strict conformance with the ordinance, and a variance is therefore necessary to enable a reasonable use of it because: C. Are you requesting a variance without finding a hardship arising due to the condition of the property and the need for reasonable accommodations so as to allow a person or persons with a recognized physical disability to reside in or regularly use the premises?
